

Friday - 13 May 1949

1. Transmitted to office of Cong. Bryson (Chairman, Subcommittee No. 4, House Judiciary Committee) letter from the Director containing proposed CIA amendment to H.R. 3776. Also gave copy to Mr. Bernhardt, Chief Clerk of the Subcommittee, who informed me that he was already aware of the Senate Committee approval of the amendment, and had planned to include it in the House bill.

2. Spoke with Mr. Tribby, Chief Clerk, Senate Armed Services Committee, regarding CIA legislation. He informed me that Senator Tydings had same well in mind and was trying to minimize Senator Langer's opposition. He planned to call it up at that particular point when he felt that the timing was right. Senator Tydings also is insistent that the bill pass at this session.
